

The Rapid Alcohol Problems Screen (RAPS4)

1. During the last year, have you had a feeling of guilt or remorse after drinking? (Remorse)
2. During the last year has a friend or a family member ever told you about things you said or did while you were drinking that you could not remember? (Amnesia)
3. During the last year have you failed to do what was normally expected from you because of drinking? (Perform)
4. Do you sometimes take a drink when you first get up in the morning? (Starter)
 - Brief — only four questions
 - No weighting
 - No adding or scoring responses
 - After positive on one item, no further questions
 - First question identifies the majority positive for an alcohol use disorder
