

TOGETHER, WE CAN END ABUSE

Relationship Violence Assessment and Response Specialist (RVARs) Training & Certification

In the United States alone, there are 20 victims of relationship violence every minute.

As professionals working with people in any capacity, we have a responsibility to address this epidemic.

Advance your training and learn to proficiently, proactively and effectively assess and respond to relationship violence issues on your campus, therapy office, hospital, treatment center, workplace, or military base.

This one-of-a-kind 14-hour training and certification course covers:

- Trauma-informed relationship violence assessment tools and language
- Evidence-based interventions
- Mandated reporting requirements
- Identification and utilization of appropriate resources for victims
- Safety planning guidelines
- Training around the effects of relationship violence on children and how to assess and provide resources as well
- Cultural sensitivity training
- The role of technology in relationship abuse
- Participants will earn **12 CE credits**

Developed and led by domestic violence expert Jessica Yaffa and intimate partner violence specialist Karolyn Johnson.
